## RACE RIOT IN ATLANTA

Ten Killed and Forty Others Wounded.

SOLDIERS CALLED OUT.

Trouble Was Started by Several Assaults on White Women.

Atlanta, Ga., Sept. 24.—Twenty-four hours have passed since a race war of no mean proportions began in Atlanta. In that period at least 10 lives have been sacrificed, and the number of injured will be at least forty, several of whom cannot recover. At 10 o'clock the city is controlled by the police, aided by nearly a thousand of the State militia. Every port of town is patrolled by the soldiers, and the authorities seem to have the situation well in hand.

The trouble was brought about by four separate attacks of negro men on white women in one day.

In the fighting negro women were the most warlike, urging resistance to the mob, and themselves fighting like amazons.

### Stamps' Colt Show.

Mr. J. E. Stamps will hold a colt show in Hopkinsville the first Monday in October in the get of "L. A. D." For the best suckling colt he will give \$15, the second \$10, the third \$5. Everybody having colts stabled by "L. A. D." is requested to bring them and compete for the prizes.—Fairview Review.

## GREATEST MEETING YET HELD.

Over 20,000 People Went to Guthrie to Attend Association Meeting.

Parade Five Miles Long—Enough to Eat For All and Fine Oratory Were Features of the Day—Old Officers Re-Elected.

Guthrie, Ky., Sept. 24.—With 24,000 people in attendance, the second big gathering of the Dark Tobacco Planters' Association of Kentucky, Tennessee and Virginia held in Guthrie, was practically twice as large a meeting as the one of last year. The growers of the "Black Patch" from the three States were out in force, glorifying in the won-  
derful success of their organization and full of the exultation of enthusiastic determination.

The big parade, unique and remarkable in many features, passed through the city at 11 o'clock Saturday morning and made its way followed by thousands of people to the fair grounds, where the speeches were made and probably the greatest barbecue of recent years in Kentucky was served.

In every respect the day was a great success, and the only regret was caused by the indisposition of Felix G. Ewing, the general manager of the Association, who was forced to remain in his room at the hotel. Mr. Ewing is suffering from

nervousness caused by overwork, and though his condition is such that he was confined to his bed, it was thought that he is not seriously ill.

### Trains all Loaded Full.

The trains were arriving at Guthrie almost all day Saturday. When the morning trains passed through the surrounding country on their way to the gathering place, hundreds were unable to find room on them, and were forced to wait until later; extra provisions, having been made by the L. & N. To many of those who came to Guthrie it was considered to be almost absurd for a city of only one thousand inhabitants to attempt to entertain such a concourse of people. They soon found, however, that they had reckoned without their hosts and that systematic preparation on an unusual scale had furnished ample provision and that the people of Guthrie were ready for eight or ten thousand more than arrived.

It is said by those at the head of the Association that if it had not been for the heavy rains during the last few days, the crowd would have been in excess of thirty thousand.

### Bountiful Supply to Eat.

W. C. Bales, chairman of the Committee on Arrangements at the fair grounds, was delighted with the results. He said that the supplies had included the following remarkable items: Five thousand pounds of bread, nine big barrels of pickles, 20,000 wooden platters, 517 carcasses. Every platter was filled high and there was enough for two full meals on each. That the work of the committee was appreciated was attested by the condition of the platters half an hour after the dinner had been announced.

Among the speakers were the following: Senator Bob Taylor, of Tennessee; Congressman Ollie James, Congressman A. O. Stanley, former Congressman John S. Rhea, Lawrence Finn, C. H. Fort and Joel B. Fort. They spoke from the five different stands at the grounds. Ten brass bands furnished much music of a lively character, "Dixie" and "My Old Kentucky Home" being the most frequently played airs.

In behalf of Mrs. Felix G. Ewing, wife of the general manager, Congressman Stanley presented the association with a handsome banner. The background was of white, and Mrs. Ewing had embroidered upon it a big tobacco plant in green silk.

### Old Officers Re-Elected.

When the parade reached the big fair grounds the election of officers was held in the grand stand. All of the officers were re-elected, as follows: General manager, Felix G. Ewing, of Glen-Raven, Tenn.; president, C. H. Fort, of Robertson county; vice-president, E. T. Bondurant, of Rice Depot, Va.; treasurer, George Snadon, of Guthrie; secretary, Mrs. N. E. Green of Glen-Raven, Tenn.

The barbecue was arranged on five tables, each 25 feet long. The food was placed on wooden platters and was ready when the guests arrived. Everything was free, and it had seldom been that such an immense throng of people have been served at the same time. Within the race course were the long pits where the sheep, hogs and cattle had been prepared by the process known only to its intricacies by the old-time negro

## GRIEVANCES WERE HEARD

Council Listens to Reports, Petitions and Complaints.

## TWO ORDINANCES PASS

Important Work Assigned to Corporations Committee. Other Business.

The Council met in regular session Friday night, the Mayor presiding and all of the Councilmen present.

The meeting was devoted mostly to hearing reports, petitions and grievances. A fine answer upon

John Moore, colored, for carrying a concealed weapon was remitted. The officers reported that while Moore was technically guilty, he was taking the pistol (a broken one belonging to another party) to his home to repair it, when the officer arrested him.

The ordinance regulating the erection of buildings in the fire limits was amended so as to prohibit any buildings, the walls of which are not wholly of stone, brick or concrete. This will prevent any more iron buildings.

An ordinance was also passed ordering down a brick or concrete pavement on the north front of the Belmont College property, from Belmont street to the northeast corner of the college campus.

The street committee reported that the small wet-weather pond in Chas Knight's yard could be removed by a slight fill, which was recommended.

The street committee was directed to confer with the L. & N. railroad officials relative to the condition of the crossing at Seventh street, the drainage at Tenth street and the removal of the freight car tracks from the lot west of the passenger depot.

The committee will ask the railroad to remove the coal yard to some other point and beautify the unsightly square around the passenger depot.

The corporations committee was directed to take up the matter of renewing the contract with the Water Company and making a new contract with the City Light Company.

The street lighting contract expires soon. The Water Company's bill for \$2,295 for 119 fire plugs from February to August was presented and laid over until October, as all bills are paid at the first meeting of each month.

A warrant was drawn covering the bill for hose ordered paid last month and overlooked, amounting to \$1,030. The hose was bought last February.

City Tax Collector Moore reported several mistakes in the old tax books and asked authority to correct them. He also asked to have several sales for taxes set aside, as the parties had paid the amounts due and redeemed the property.

The street committee was instructed to confer with the owners on the alley in the rear of the Chinese laundry in regard to having it put in a sanitary condition. Health Officer Woodard has made so many complaints that the Councilmen referred to the alley as Woodard alley and it will probably be given that name. It will probably be considered again at the next meeting and some action taken.

## MISTOOK SON

For a Burglar and Killed Him.

John Monroe, of Olmstead, started to his barn with his gun to watch suspects. His son, Henry, about 15 years old, followed close behind the father. Mr. Monroe, not knowing his son was near, heard a noise, and turned and saw some one following at a close distance. Never dreaming it was his son, the father turned and shot and instantly killed the boy. The father is prostrated.

## PRETTY HOME WEDDING

Miss Delle Gaines Becomes the Bride of Mr. Byron Meador.

Mr. Byron Meador and Miss Delle Gaines were married at 10 o'clock yesterday morning at the home of the bride's mother, Mrs. Mattie Gaines, on South Main street.

Rev. Geo. C. Abbott, rector of the Episcopal church, performed the ceremony, according to the ritual of his church.

The parlors were prettily decorated with flowers and ferns and Mrs. J. H. Anderson played the wedding march. The bride and groom were preceded by two little flower girls, Elizabeth Gaines and Alice Wall.

At the conclusion of the ceremony in which a ring was used, Mr. and Mrs. Meador were congratulated by all the Councilmen present.

The meeting was devoted mostly to hearing reports, petitions and grievances. A fine answer upon

John Moore, colored, for carrying a concealed weapon was remitted. The officers reported that while Moore was technically guilty, he was taking the pistol (a broken one belonging to another party) to his home to repair it, when the officer arrested him.

A number of their young friends accompanied them to the depot and parted with them rice as they boarded the train.

Mr. Meador is the only son of Mr. A. J. Meador and is connected with the clerical department of the L. C. Railroad at Memphis. His pretty bride is one of Hopkinsville's loveliest girls, a graduate of Bethel College and is attractive and accomplished. They bear with them to their home the good wishes of a host of friends.

They received many handsome gifts from presents.

## LITTLE BETH THOMAS

Has a Collar-Button Removed from Her Throat.

Dr. F. P. Thomas took his little daughter, Beth, to Rochester, Minn., last week to have a ring removed from her throat, where it had been lodged for four years.

The operation was performed Saturday and instead of a ring the obstruction was found to be a collar-button. He wired that her condition following the operation was serious, but as no further report has been received it is assumed that the child is getting along well and can be brought home in a few days.

## MAN KILLED.

Body Ground to a Pulp By Train.

An unknown white man was killed by a train at Guthrie Saturday night. His body was cut in two and his head severed. The supposition is that the man was lying between the rails as he was not seen until the accident had happened. He appeared to be about 65 years old.

## HORSE SHOW.

Pembroke People Ready for the Big Event.

Friday and Friday Night to Be "Hopkinsville Day."

The enthusiasm of the people of Pembroke and vicinity has about worked up to white heat over the horse show, which begins Thursday and closes Saturday night.

The grounds are in excellent condition and the entries already made justify the assertion that the three days of the show will be the biggest event in the history of the city.

Then, the programs are so much more elaborate than they have ever been before, and the purses so much larger, that the horses to be exhibited this year are of a much higher class and are more numerous than ever before. Every horseman of reputation within 100 miles or more of Pembroke has sent in his entries and every class will be well filled and competition will be close.

Most of the families of Pembroke and the neighborhood have made arrangements to entertain visitors and friends each day and the large crowd that will attend and remain over nights will be provided for.

Friday and Friday night will be "Hopkinsville day." The people of the city are interested in the success of the show and large delegations will be on hand each day and night. In order to allow Hopkinsville visitors to get home to return home each night, the gentlemen in charge of the general arrangements have made arrangements with the L. & N. officials to have the fast 10 p. m. train stop at Pembroke and bring the visitors back, arriving at the usual retiring hour.

## THIS FARCE COMEDY

Promises to Be One of the Big Hits of the Season.

The attraction at the opera house tomorrow night will be one of the most unique of the season, "My Wife's Family," a musical farce comedy by two of the most recent and successful producers, Stephens and Linton. It is hinged on the mother-in-law proposition, but new twists are given to the situations and new ideas are introduced into the comedy so that the old familiar theme seems entirely new. The plot deals with the efforts of a young husband, assisted by a friend, to rid his house of a horde of his wife's relatives, who seem determined to live with and upon him forever. He succeeds, but not until he has resorted to everything short of murder, and has been the storm-center of innumerable hairbreadth escapes and complications. This piece promises to be one of the big hits of the season.

## The Old Reliable Jewelry House

of Hopkinsville is, after all, the best place to get anything in the Jewelry line. There is a clean record of satisfied customers, a record of honest dealing for honest quality, honest prices. It's a record any Jeweler might be proud of. And when we sell an article we have in mind that we have a record to maintain, and no slipshod methods, no careless workmanship, no lack of quality, is ever allowed to mar the record of the past. But to improve, if possible, this record, is ever our aim, and goods are sold for as low a price as it is possible to sell reliable goods.

It will pay you in the end to deal with the Old Reliable Jeweler.

**THE PLAIN TRUTH.**

What More Can Hopkinsville

People Ask?

When well-known residents and former residents, highly respected people, make such statements as the following, it must carry conviction to every reader:

W. H. West, stock raiser, city constable and collector, who lived in Hopkinsville 25 years. I suffered for years with kidney and bladder troubles, and in consequence was subject to a great deal of pain. There was a heavy, dull aching in the small of my back over my right hip, and extending down over my bladder. The pain was especially severe, if I should stir or move, or strain long on my feet.

Perhaps you have heard of the history of the United States. A town has been permitted to look forward to its utter obliteration as does the town of Roosevelt in southern Arizona, where the government is rapidly completing a great dam which will inclose a lake 25 miles long and two wide, the water of which will be used to irrigate 1,000,000 acres. Roosevelt is to be buried beneath the foot of waters in which less than

two feet of water will be left. For all the dead. Price 50c. Price-Milligan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

**IN MEMORY OF DR. RUST**

Friends Propose to Put Fine Window in New Church.

At a special meeting of friends of the late Rev. J. O. Rust, former pastor of the Edgefield Baptist church, held at the old church, Thursday night, the American says a movement was substantially started to place a memorial window in the new church now nearing completion. The matter was brought up by the personal friends of Dr. Rust, and the plan is to spend about \$700 for that purpose.

The new church is to cost about \$35,000, and it will soon be ready for the windows.

FOR CONGRESS.

A. O. STANLEY,

Reports from Cuba indicate that the insurgents and government leaders will reach an amicable understanding and that a peace agreement will be signed, which will obviate the necessity of armed intervention.

Judge Henry B. Hines yesterday withdrew as a candidate for state auditor. This leaves Henry M. Bosworth of Lexington, as the only candidate for auditor and insures him a clear field. Two other candidates are expected to retire this week.

The epidemic of fleas which has almost broken up the schools at Milwaukee has not yet been controlled. The fleas are being fought with arsenic. At Rockford, Ill., there is a similar trouble and some residences have been temporarily abandoned to the pests.

Peter Zarcone, a boy near Danbury, Conn., went into a field infested with snakes to drive out his cow on Sunday and took his gun along as a protection. He was attacked by an adder and shot the snake. Next day he was fined \$10 for shooting his gun on Sunday. Some of the Connecticut laws are still pretty blue.

At Asheville, N. C., the County Clerk, having occasion to be absent, left his 17-year-old daughter, Miss Emma Dills, in charge of the office and signed up several marriage licenses in blank to be used if called for. The girl filled out one for herself and when the old man returned he found her married to a young man he had refused to accept as a son-in-law.

In the suit of J. Mark Worton against the Register publishing company, of Paducah, for \$50,000 damages for alleged libel, in the Livingston circuit court, the jury returned a verdict of \$1,000 under peremptory instructions from Judge Gordon. Although both parties are residents of Paducah, the suit was brought in Livingston county. The costs in the suit are as great as the judgment. The libel bill defeated by one vote last winter sought to correct this great injustice to newspapers and compel suits to be brought at place of publication. An appeal will be taken.

## Doctors Are Puzzled.

The remarkable recovery of Kenneth McIver, of Vancorebo, Mo., is the subject of much interest. He recently fractured his right side of the skull. He says of his case:

"Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave up to die, when as a last resort, I was induced to try Dr. King's New Discovery and, having said, 'I say it saved my life,' Cures the worst coughs and colds, bronchitis, tonsilitis, weak lungs, hoarseness and a gripe. Guaranteed at Hardwick's drug store, 50¢ and \$1. Trial bottle free.

## Meet Monday.

The County Committee of the Dark Tobacco Protection Association will meet in this city next Monday. Mr. W. W. Radford, the chairman, will have some very important business to put before the meeting and wants all the members of the committee to meet promptly, so that the business can be arranged not to interfere with speaking appointment of Gov. Beckham. All the members of the association are urged to come to town on that day.

## The Texas Wonder.

Cures all Kidney, Bladder and Rheumatism troubles; sold by all druggists, or two months' treatment for \$1. Dr. E. W. Hardwick, 2926 Olive Street, St. Louis, Mo. Send for Kentucky testimonials. Sold by R. C. Hardwick.

## Married September 12.

Friends and relatives in this city have received announcements of the marriage of Miss Helen Chenoweth Stites, daughter of Mr. and Mrs. John Stites, of Louisville, to Dr. John Gill, which occurred on the 12th inst. The father of the bride is a Hopkinsville man but for many years has resided in Louisville. Mrs. Gill is a bright and lovable young woman and has many friends in Hopkinsville, where she has often visited.

## CONFERENCE

The Russellville conference of the M. E. Church meets at Central City tomorrow. Revs. A. P. Lyon and W. T. Miller and Mr. Thomas H. Elliott, of this county, will attend.

## Eagles Meet Tonight.

The local lodge of Eagles will meet at their hall Tuesday night, Sept. 25 (tonight), instead of Wednesday night, Sept. 26, as previously announced.

## Shoemaker-Lewis.

Leonard Shoemaker and Fannie Lewis, a young couple from the country, were married here yesterday. Rev. H. D. Smith performed the ceremony.

## PERSONAL GOSSIP.

Miss Tony Ware has returned from Dawson.

L. L. Elgin has returned from a business trip to Cincinnati.

Misses Mary and Elizabeth Steele have entered school at Roanoke, Va.

Prof. L. N. Girod has gone to Birmingham, Ala., to reside. His wife will shortly join him.

Mr. George Blair, with the Home Telephone Company, left Friday to visit his mother in Columbus, O.

Miss Mattie Crawford, of Logan County, is visiting her cousins, Misses Maggie and Bennie Mullin.

Mr. Arthur B. Lander, of Lexington, spent Sunday with his parents, Mr. and Mrs. J. W. Lander.

Mrs. Lucy McGowan, who has been visiting relatives in the city and county for several weeks, will return to Louisville tomorrow.

## Thousands Have Kidney

## Trouble and Never Suspect It.

## How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a strong aromatic taste indicates an unhealthy condition of the kidney. If the water remains clear longer than it is evidence of kidney trouble; too frequently passing water, loss of appetite, pain in the back, kidneys, liver, bladder and every part of the urinary passage. If the water is strong smelling, it is a sign of kidney trouble.

Also convincing proof that the kidneys and bladder are out of order.

## What To Do.

There is comfort in the knowledge so often expressed that Dr. Kliman's remedy fills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It is a strong smelling medicine, but after use it is easily digested.

It is a strong medicine, but the taste is so strong that it is difficult to get up many times during the night. The bladder and kidneys are easily irritated by it, or bad effects following use of liquor, wine or beer, and overcomes the natural necessity of passing water, so as to go often to the toilet. The doctor says, "If you are in pain, use it.

### Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys, says W. M. Sherman, of Cushing, Me. 'Nothing helped me until I tried electric bitters, three bottles of which completely cured me. Curse liver complaints, dyspepsia, bowel disorders and neuralgia; and restored the weak and nervous to robust health. Guaranteed by R. C. Hardwick, druggist. Price 50 cents."

### Stray Hog.

A large, black sow has been missing from my place since Sunday night. She weighs about 200 pounds. She is a solid black, with no marks. Reasonable reward.

### GREATEST MEETING HELD YET.

[Continued from First Page]  
"barbecuers," who were present in

shown at the Kentucky state fair last week.

Another banner that attracted much attention bore the picture of an unscrupulous farmer milking his neighbor's cow by reaching through a barbed wire fence. The most utterly damning term in the vocabulary of a member of the Association is "Hill Billy," which means a friend of the trust. Upon this banner was written "Hill Billy milking his neighbor's cow."

One float was in the form of a big black boat and bore the inscription: "Black Patch," and at one end was written "C. H. Fort, Captain," and at the other, "F. G. E. Wing Pilot." It took the parade one hour and ten minutes to pass.

### Planters Parade.

The parade represented all of the counties in the belt and Robertson county, Tenn., sent a delegation that extended over three city blocks when these men were marching four and five abreast. The procession was full of interest from many points of view.

It was led by the officials of the organization and women on horseback, then followed the speakers in carriages. The male body was made up of the sturdiest members of the association, who have banded themselves together with a single purpose.

They marched with quick and lively step and answered the cheers from the crowds, as if their enthusiasm simply could not be held down.

The floats were works of art and were occupied by groups of beautiful girls, whose appearance made the men of the three states repeat the oft told tale that their equals could not be found in any other section of this wide world.

### "Down With Trust."

Last, but none the less proud, came the negro delegation, led by big-chested and high-stepping Rufus Andrews, bearing a big banner with the following inscription: "Down with the trust or we nibbers trust."

This banner created great enthusiasm all along the line, and it was made with a tremendous effort that Rufus the proud, kept his swelling chest from actually exploding. He carried with him a girdle from which he had made the fortune of a minstrel and walked with a stride that would have done credit to the best thoroughbred.

# Southwest

The Land of BIG CROPS and  
PROSPERITY.

Are you making as much off your farm as you ought? No doubt you are making all you can. The trouble is the land costs too much. It takes too much money to buy a big farm, and so you are trying to live on a living or small farm, or perhaps you are renting one and paying a good share of what you raise. It would be better to go where the price of good land is so little that you can own a big farm—where every acre of the ground is working for you and all you raise is paying you good profits?

There are thousands of acres of fertile land in the Southwest along the line of the Cotton Belt Route that can be bought for from \$3 to \$10 an acre. This land is increasing in value each year.

See the Southwest at Small Cost.

A trip to the Southwest will give you the best interests lay in settling there. Cotton days each month you can purchase a round trip ticket to travel in the Southwest or via the Cotton Belt Route at very low rates. Stop over at the Cotton Belt Route.

PRETTY CORSET - COVER AND  
UNDERSKIRT.

Patterns Nos. 5018 and 5610.—The making of fine lingerie is always fascinating employment, and much dainty hand work is required in the making of these garments. Fine muslin was selected for making the corset cover and underskirt shown in the illustration and Valenciennes lace in combination with hand embroidery was used for trimming. The one piece corset cover and underskirt garment is to make, and the circular opening of the underskirt is to be recommended as it does away with all unnecessary fullness at the top. The yoke may be omitted if desired, as the garment is well fitted by darts. Long-cuff, camisole and beltette are all suitable for the corset cover. The pattern size will require one yard of 36-inch material for the corset cover and four and seven-eighths yards for the skirt. Ladies' One Piece Corset Cover No. 5018: Sizes for 32, 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Ladies' Circlet Skirt Pattern No. 5610: Sizes for 24, 26, 28, 30 and 32 inches waist measure. The above illustration calls for two separate patterns. The price is ten cents for the corset cover and ten cents for the petticoat.

This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper, giving size and number of pattern wanted. For convenience, write your order on the following coupon:

MISSSES' SHIRT-WAIST.

Pattern No. 5556.—A smart and attractive blouse is shown in this design that would be a good model to follow in making up mohair, taffeta, pongee, linen or madras. Tucks are arranged in front and waistline and an odd touch is given by the tabs that ornament the front, the pointed ends being caught down by small buttons. The medium size will require two and one-half yards of 36-inch material. Sizes for 13, 14, 15, 16 and 17 years. This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. For convenience, write your order on the following coupon:

MEETINGS.Lafayette, Liberty and Olivet  
Churches Each Have One  
in Progress.

The people of the Southern portion of the county are being blessed at present with protracted meetings, there being one in progress at three important churches in that section, and it is said that great good has already been derived from the meetings and much more is expected before they all come to a close.

The pastor, Rev. Hazel, of the Baptist church at Lafayette, has been engaged in a series of special meetings for a week now and a great deal of interest is being manifested. Large crowds attend each service and it has not been announced when the meeting will close. He is being assisted by the Rev. Clay Hopewell, of Sturgis, Ky., who is said to be a very interesting and fluent speaker.

At Liberty, six miles from town on the Palmyra pike, the pastor, Rev. Humphrey, is being assisted in the meeting, which began last Wednesday night, by Rev. John B. Hawkins, of Lexington. Much interest is also being taken in that meeting and Rev. Hawkins is delivering some very strong discourses. Several have already joined the church and the meeting will continue until further announcements.

Rev. McGill, of the Olivet Baptist church, near Howell, began a series of meetings at his church Sunday night, assisted by Rev. M. E. Staley, of Morganfield. Rev. Staley has assisted in several meetings at Olivet and is a favorite of the congregation. The meeting will continue 10 days or longer and it is expected that much good will result.
